ABOUT US

Located in Houston, TX, GTB Custom Shop operates out of a 110,000 sq.ft. facility with over a century of experience in building and customizing specialty vehicles. Our capable engineering and design team works closely with your department's apparatus team to create purpose-built solutions tailored to meet your exact specifications. GTB custom builds are structurally engineered to withstand the harshest operating conditions, utilizing the highest-grade materials and the industry's most advanced data and technology. We pride ourselves on exceptional customer service and support that continues well after an apparatus is sold, including a 24-hour field service response team and options for extended warranty plans.
